Jazzy pants are keeping us looking part this season. They're not so boring that we're still holding on to our mini silk skirts for an ounce of euphoria in our daily sauce and are keeping our chicken skin at bay, a verified print and flare at a time. The evidence is in print. Gingham was suddenly more than a sweet print displayed on longline prairie dresses, dressed in eccentric and sturdy Dr. Martens straps. Victoria Beckham and Rejina Pyo have brought back the wonder that is split-hem pants, altogether, from duck-egg blue treasures tailored to khaki ankle-grazers on offer this season. And fashion's penchant for 1990s nostalgia brought cargo styles to the forefront of our minds just in time for autumn in varied prints and textures – see Sies Marjan's tonal offering and Off-White's free iterations. Before, get acquainted with your new favorite alternatives to jeans. With their free-form and relaxed jeans, your best friend jeans are the symbol of comfort and slouchy, casual style. The best pairs are relaxed through the hip and leg, without too much excess of fabric to swallow you completely. When you are looking for your perfect friend jeans, there are some different aesthetic options to consider. Friend jeans come in several different washes, and a lighter wash can look even more casual. For the final laid-back look, keep an eye out for distressed details, ranging from just a few small slits in the knees to denim that really look worn to bits. For a more polished vibe, look for a darker wash. Boyfriend also come in more unusual washes, would be solid white or two tones - choosing the right wash for your style is really about personal preference. Denim is made of cotton (which doesn't have much stretch), but if you want your friend jeans to have a little more of the stretch, look for a pair that is mixed with spandex (aka Lycra, aka elastan). While painful and washing are two of the main features Pay attention to, some friend jeans boast additional details, which can totally fit your style, would be fringe cuffs or embroidery. If you plan to wear your jeans in cold weather, a pair lined with flannel will keep you comfortable and warm. These six pairs of friend jeans are total knockouts on Amazon, with delirious reviewers that they are comfortable and that fit is on the verge. And the best part? These are all \$60 or less, so you might find yourself adding more pairs to the basket.1 A pair of fan-favorite boyfriend Jeans For Under \$25With more than 3,500 reviews on Amazon and a solid 4.5-star overall rating, these boyfriend jeans from Levi Strauss & Co. are adored on the site for both their quality and their ultra-low price tag – wait for it – less than \$25... a total theft! Relaxed jeans are made of 98% cotton and 2% elastane, so they have a bit of stretching for comfort. The jeans have a means of growth, a zipper closure, and a design of five pockets. They come in a handful of dark, medium, and white washes, with light details in difficulty or none at all. And because they're from such a classic brand, you know they'll last. Enthusiast Amazon review: Super comfortable, has a bit of stretch to it. I bought the washing easier and I love them. A colleague bought the same jeans, but in the darker wash and they're just as cute. I can't beat the price. 2. A seriously distressed pair of Boyfriend JeansTheMogan Distressed Friend JeanAmazonLike most friend jeans, these jeans from TheMogan have a medium rise and a relatively free fit – but also have some serious painful on the front because it lived-in look. The jeans are made of 99% cotton and 1% Lycra, so they are slightly elastic, and have five pockets and a zip fastening. Some reviewers recommend sizing down, as this pair can run a little higher – unless you really want baggy jeans, in which case you should size up! TheMogan offers these jeans in a number of different relaxed styles, so be sure to check the name of the style you purchase while considering your options. Boyfriend Medium style is the only true friend style on the list, but there is also a high-growth version of distressed friend jeans, similar to Mom's theMogan jeans, but with a slightly looser fit. The girlfriend's style is a little more suitable throughout the thighs, and the straight style appears significantly more baggier than friends. Choose the pair that best suits your look. Amazon Enthusiast review: These are now my go to your favorite denim for lounge wear, work from home, and just standard weekend wear. So comfortable and effortlessly cold. 3. A comfortable pair of Friend with a warm Flannel EddieEddie Bauer Friend Flannel-Lined JeansAmazonThe all-cotton flannel lining of these friend jeans from Eddie Bauer just adds the perfect amount of comfortable insulation on cold days – and it looks pretty cute peering on the cuff as well. Relaxed matching jeans are made from a combination of cotton and spandex, and have mid-rise with a classic style of five pockets. Choose from three different washing options in gray or classic blue, each of which has a different lining pattern. Amazon Enthusiast review: Flannel-lined jeans are a must for me in winter. These Eddie Bauers are the most comfortable padded jeans I've ever worn. Very soft lining, fit perfectly. I love them. Available sizes: 0 - 24, including small sizes4. A pair of slightly distressed white boyfriend Jeansellos Boyfriend JeansAmazonForget can't wear white after Labor Day rule, these white friend jeans from ellos are so amazing, you'll want to wear them all year round. Mid-growth jeans are made from a combination of cotton and spandex, so they are comfortable and elastic, and have some occasional painful on the thighs and knees. The front and rear pockets are functional. If white jeans are not the thing, this pick comes in four other washes as well - a black in difficulty, blue in difficulty, blue light stonewashed, and a deeper medium blue. Amazon Enthusiast review: I was looking for some comfortable, cute jeans to wear running errands and relax on weekends. These are exactly what I wanted – free enough to enjoy a meal, but cute enough not to feel like I'm wearing grandma jeans. Available sizes: 10 Plus to 34 Plus5. A pair of boyfriend jeans with cuffsRiders Fringe by Lee Indigo Fringe Cuff Boyfriend JeanAmazonThese jeans from Riders by Lee boast all the classic features that I think of when it comes to boyfriend jeans - including a loose, relaxed color fit and mid-waisted - but with the bonus of a little flair in the shape of a cuffed fringe ass. And Amazon reviewers? Well, they're just wild about these jeans; they give this pick a solid 4.4-star rating on the overall site, among 2900 and growing reviews. The jeans are made of a combination of cotton, polyester and spandex, and have a style of five pockets. Choose from three washes — a light, medium, and dark shade — based on personal style. Enthusiastic Amazon review: I researched and read reviews on these yesterday and after all the positive comments I decided to buy them. They arrived the next day and I love them!!! They are so freaking out comfortable and stylish! You can dress them up or down. I have a light belly and bigger thighs, but the fit is perfect. Growth is in the middle of the road, no smaller growth as my teenage daughters jeans. [...] Do yourself a favor and buy these great fitting jeans!! 6. A friend Jean with a 2-Tone WashBandolino Karyn Friend JeanAmazonThe two tones of washing on these boyfriend Bandolino jeans is seriously swoon-worthy if you want to stand out with a unique look. The jeans are 98% cotton for softness and 2% elastane for some stretch, and are described as being more of a slim fit jean friend, so they don't have a ton of extra fabric. This pick has a five-pocket style, a zip closure, and a rolled hem. If you are not a big fan of the two-tone look, this pick is also available in a gorgeous embroidered and a chosen pink color as well. Amazon's enthusiastic magazine: Amazing fit & style. My favorite jeans. This particular style of bandolino fit so comfortably, that I threw most of my other jeans & ordered 3 more pair. Besides, you don't have to keep lifting them all the time.
